Lighthouse

“You’re dealing with history, with places, with details – that fascinates me.”

Dirk collects pressed pennies – mainly from Germany.

Collecting is
a part of you.

Stamps celebrate history, coins breathe new life into the life of historical figures, and trading cards tender to our hobbies, childhood memories or favorite sports. No matter what collectible lets our heart skip a beat, collecting is so much more than merely storing items. Preserving, displaying, safekeeping are the true passion that drives us all. Lighthouse has been committed to designing accessories for collectibles for over a century, and we will continue sharing this passion with you.

More at lighthouse.us

Dear Collector,

The Lighthouse brand is recognized internationally for the highest quality standards in collecting systems for both philately and numismatics. For more than 100 years, people around the world have been placing their trust in our high-quality products and have used Lighthouse accessories for preserving and transporting their treasured collections.

This includes collector's albums, sheets, collection drawers, and cases as well as a wide selection of coin capsules and catalogs. We are also able to provide optical accessories such as magnifiers, microscopes, lamps or cleaning and care products. The illustrated albums from the Kabe brand, as well as all items under the Hawid label, complete our philatelic range.

This diversity is also complemented by an ever-growing range of accessories for other fields of collecting, notably bottle caps, beer caps, champagne caps, autograph cards, tickets, minerals, pin badges and a lot of others. After all, we firmly believe that everyone has the potential to become a collector!

As the hobby is ever-changing, other fields of collecting become fashionable, and thus habits change. Lighthouse is embracing these changing times with new products that fulfil the wishes of customers. To achieve this, we constantly combine two principles: tradition and innovation.

Over the past decades, our brand has become the global leader in this field of expertise. Our products are available in over 100 countries from expert retailers of coins and stamps.

Stockbooks & stock cards

The fundamentals for every stamp collection

Stockbooks refer to stamp albums with card pages featuring horizontal glassine or plastic strips, into which the stamps are inserted. Even if part of the collection is stored elsewhere, e.g. in illustrated albums, stockbooks can serve as storage space for duplicates, as a solution on the go, e.g. for trading or to accommodate the most valuable pieces in a deposit box. Stockbooks are an essential piece for philatelists. The following pages contain over 70 different stockbooks for every possible preference and usage. Please choose your stockbook size, the card stock color and the desired number of pages as well as the material and color of the binding.

LEFA

Bonded leather is a bookbinding material consisting of leather fibres and other sustainable, natural raw materials (natural tanning agents, natural latex, natural fats and dyes). By felting the leather fibres, the LEFA material achieves almost all the characteristics of natural leather. No other material comes so close to natural leather in terms of quality and workmanship as LEFA. The LEFA cover material we use is characterized by the best physical attributes of tensile strength, strong seams, durability, and tear resistance.

Lighthouse Vario sheets are the trusted choice of collectors worldwide. Why?

Versatile: With 13 variations, Vario sheets fit multiple stamp sizes, souvenir sheets, booklets, FDCs, postcards, banknotes, phone cards, and more.

Clear & Convenient: Black pages feature double-sided, crystal-clear pockets, while clear pages are one-sided for visibility on both sides. Black interleaves separate chapters and provide a great backdrop.

Customizable: Mix and match different sheets to create a personalized album.

Archival Quality: Black pages are made of unplasticized hard PVC, clear pages are made of polyester – both are acid- and chemical softener-free, ensuring lasting protection for your collection.

Trusted Craftsmanship: Manufactured in Germany, Lighthouse guarantees consistent, high-quality sheets. Don't settle for imitations or generics—insist on genuine Lighthouse VARIO sheets, identifiable by the logo on each page.

Hawid stamp mounts:

How an idea transformed philately

The history of Hawid appears, at first glance, like one of many success stories, where a resourceful inventor and visionary entrepreneur created an economic miracle from the ruins of history post World War II and laid the foundations for the quality seal “Made in Germany”. However, Hans Widmaier’s creation in Berlin in 1945 went on to revolutionize one of the oldest hobbies in the world.

Widmaier was not only an engineer, he was also a passionate stamp collector. Indeed, his hobby was so important to him that Widmaier used his skills to find a solution to a personal collecting problem: Hans Widmaier wanted nothing less than the best possible protection for his stamp collection.

He pondered – there must be a way to protect these stamps. He had encountered polystyrene plastics whilst working for Siemens, as it was used to protect submarine cables. After all, if this material was able to withstand pressure in the depths of the ocean, it was sure to work just underneath the earth’s surface.

An idea coming to life: Widmaier buried his stamps – wrapped up in polystyrene film – in the ground. And the result of this experiment was nothing less than sensational: the stamps survived their time in the earth fully unscathed. The idea of perfectly protecting stamps had been born. After some initial obstacles and expensive pioneering work, the Hawid stamp mounts® began their triumphant march around the world. They can be found in virtually every well-kept stamp collection and have been an integral item within the Lighthouse range for many decades.

When the Hawid stamp mount celebrated its 75th anniversary, change was on the horizon:

the company – Hawid Hans Widmaier GmbH – ceased activity. This news caused a great stir in the world of philately. Even though alternatives had been around for a long time, many collectors remained loyal for decades to the traditional brand with the eye in its logo. Consequently, it came as a relief when Ingrid Widmaier, the daughter of the founder and long-standing director of Hawid, agreed Leuchtturm Gruppe to acquiring the brand.

Since 1 September 2021, the philatelic legacy of Hans Widmaier has been continued by Lighthouse in the form of the popular Hawid stamp mount. The stamp mounts are made of polystyrene film (PS), which is PH-neutral and does not contain placitizers. This extensive range comprises strips, block mounts and pre-cut mounts. The stamp mounts are available with either a black or a clear backing. Besides the stamp mounts, you will also find a stamp mount cutter for cutting mounts to the size required, a special adhesive to affix the stamp mounts onto the album pages as well as a glue pen to adhere two sheets.

Lighthouse and Hawid have worked together for decades. Lighthouse started to use the Hawid stamp mounts for its illustrated albums back in the sixties and continued to do so until it set up its own production of stamp mounts. As a result of its own global distribution relationships, Lighthouse ensured that Hawid was well known in all relevant philatelic markets. Consequently, it was an honor for the market leader based in Geesthacht to maintain Hawid for stamp collectors throughout the world. Kurt Stürken, Senior Partner, was especially pleased when he signed the contract with Ingrid Widmaier back in 2021: “Birds of a feather, flock together”

The Hawid range of stamp mounts

1. Hawid strips

217 mm in length, various heights. The strip is 4 mm higher than the size of the stamp. The width can be cut to size.

2. Hawid block mounts

In a variety of sizes for postal stationery, blocks of stamps, miniature sheets etc.

3. Hawid pre-cut mounts

For all common stamp sizes. Here, too, the stamp mount is 4 mm larger in size, so the stamp can be placed in the centre, as if in a frame.

Clear stamp mounts are ideal for organization e.g. illustrated album pages. By contrast, stamp mounts featuring a black backing film highlight the stamp's perforated edge, showcasing the actual stamp.

Hawid stamp mounts – all the benefits at a glance

- Years of experience in the production of stamp mounts
- “Made in Germany” quality
- Extensive range of stamp mounts
- Holds stamps securely in place, thanks to the strong seam
- Maximum protection against sticking and discoloration, and from dust and moisture. Material: 100% polystyrene (free from plasticizers, acid, stabilisers)
- Anti-glare coating prevents irritating light reflections
- Specially gummed on the back of the film (simply moisten and stick)

1 Hawid glue pen

Optical accessories:
Magnifiers and detectors

Focusing on your treasures

We offer a huge choice of magnifiers, microscopes and lamps which accommodate collectors' different needs. Magnifiers and microscopes are particularly essential tools for every stamp collector. Our magnifiers have a magnification ranging from 2–20×, glass or acrylic lenses, and illumination in the form of LEDs or UV lamps, depending on the model. Why not take a closer look at our many different models, including handheld, pocket and foldaway magnifiers. Choose between zoom microscopes and digital microscopes with 500× magnification.

4 Sherlock watermark detector

Ideal for identifying watermarks, paper irregularities, quality defects or repairs, 4 different light colors, infinitely adjustable brightness – all without the use of chemicals and without any danger for the stamps, suitable for stamps up to 50 × 45 mm in size
